Kindergarten ID Program

The Ottawa Student Transportation Authority is launching a new program initiative to identify Kindergarten students that take the school bus.

How It Works:

- Bright yellow plastic ID bands will be attached to your child's backpack by school staff.
- OSTA's policy indicates that Kindergarten students must be met at her/his stop by a parent/guardian or a responsible person authorized by the parent/guardian to meet the child.
- This tool will help the driver ensure that your Kindergarten student is being met at the bus stop, according to policy

Kindergarten ID Band shown here on the left-hand side of the student's backpack.

The Ottawa Student Transportation Authority is committed to ensuring safe, efficient and effective transportation of students.
